

Aerial Fireworks

Combinations available

Available in bundles

ABSOLUTELY SAFE

MIKE VEKRIS

wedding entertainment specialists

Aerial fireworks have been characterized – and not unfairly indeed – as the decoration of the sky. Although they last just a few seconds (or minutes sometimes) they are so capable to make everybody **hold their breaths**, so they are now considered as one of the best seller spectacles for all weddings. They are a great way to stimulate the very bold moments of your evening, such as your **wedding entrance**, the first dance or the cutting of the wedding cake.

Features

- Height: 25 - 100 meters
- Duration: 1 - 15+ minutes
- Colors: Many
- Can fire one-by-one or all - at - once
- Come in various bundles
- Operated by Certified Technicians
