OUR COLLECTION · 2026 EDITION

The DJ Booth Collection

Designed in our studio and built in our own workshop: five booths, five personalities, to match the style of your wedding.

PRODUCTION · DJ BOOTHS

It's in every photo of the party.

The DJ booth stands at the centre of the dance floor all night, and in the background of every photo after dinner.

That is why we design and build our own, from simple and quick to one of a kind. This collection shows each booth, the details that matter, and the exact sizes your planner will need.

THE COLLECTION

Five booths, five personalities.

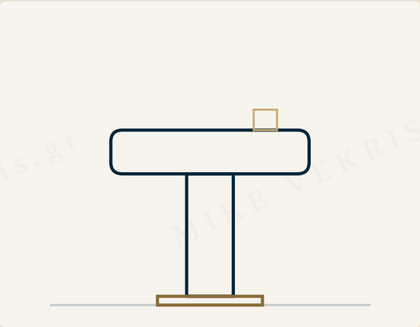

SIMPLE · QUICK · AFFORDABLE

Classic DJ facade

The classic, dressed in a white or black cover. The standard booth that comes with our DJs.

WHITE OR BLACK COVER

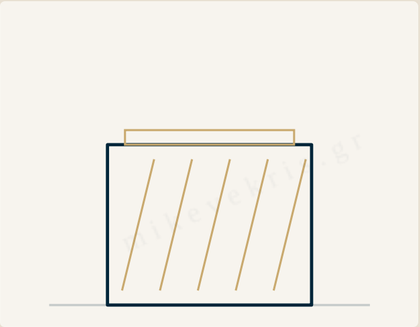

PODIUM STYLE

Wooden T-style booth

A wooden podium: warm, natural and elegant in every photo. Also on a truss leg.

NATURAL WOOD OR WHITE · WOODEN OR TRUSS LEG

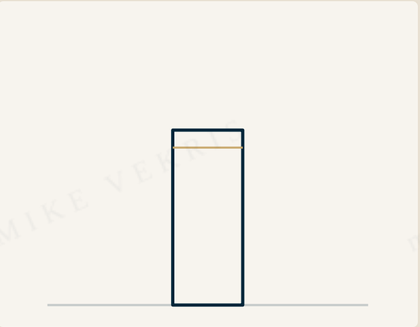

MIRROR CLADDING

Mirror DJ facade

Clad in mirror, it reflects the lights, the dance floor and your guests.

MIRROR

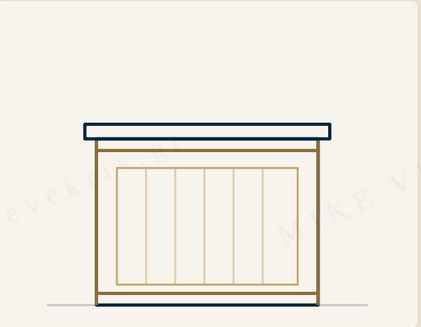

FOR THE SOUND AND LIGHT DESK

Technician booth

Our most minimal booth: narrow and simple, so even the crew's desk looks good.

WHITE OR NATURAL WOOD

NEW · CHANGE THE FRONT

Modular aluminium booth

Our most premium booth: an aluminium frame with swappable fronts and an optional front bar.

NEW · THE MODULAR BOOTH

Our most premium booth.

One aluminium frame, endless faces. Choose the front that matches your wedding, and add a wooden bar in front if you like.

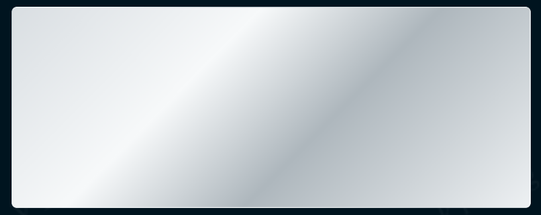

Still being refined in our workshop. Ask us for the latest photos.

CHANGE THE FRONT

Change the look.

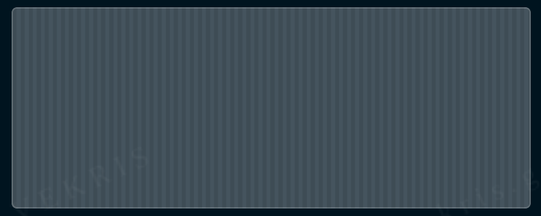

Mirror

Reflects the lights, the dance floor and your guests.

Clear plexiglass

Light and modern, it lets the frame and the bar show through.

Fabric

Soft and seamless, in the colour that suits your decor.

Your print

A custom front with your monogram, colours or artwork.

PODIUM STYLE

The wooden T-style booth.

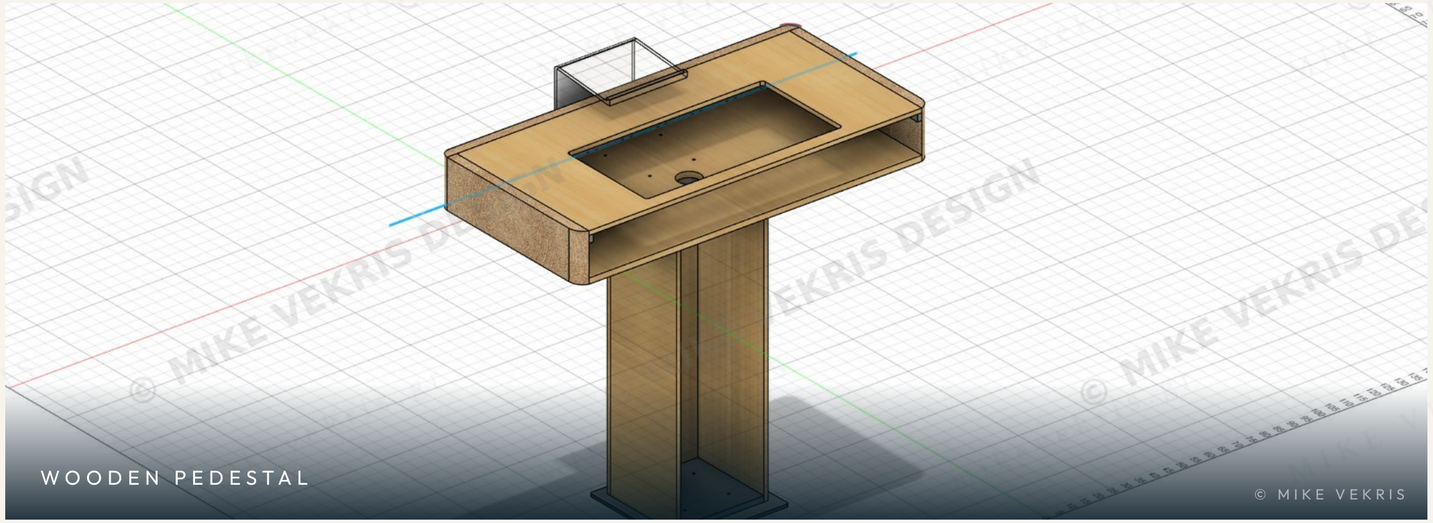

A wooden booth in the shape of a podium: warm, natural and elegant in every photo. Drawn in our studio and built in our workshop, around the way DJs actually work.

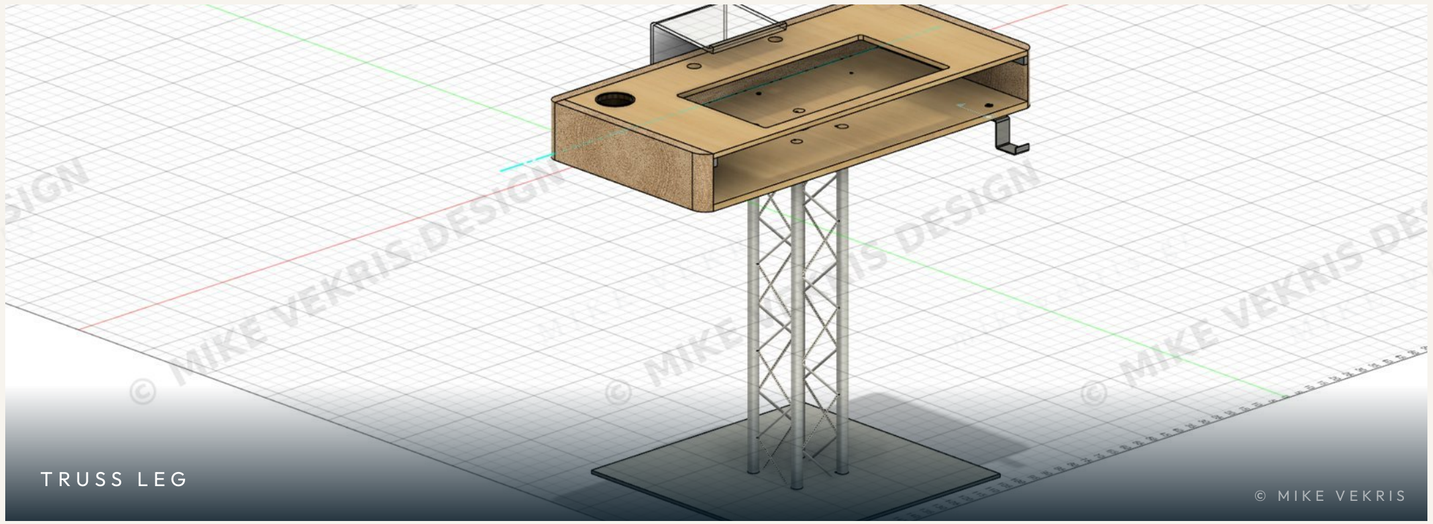

Wooden pedestal

In natural wood or white: the classic choice for a dance floor.

Truss leg

On an aluminium truss leg, for a more industrial look, or on a stage.

THE T-STYLE PODIUM, UP CLOSE

Designed for the way DJs actually work.

01

A deck for the decks

A recessed well where the players and mixer sit flush, at the perfect height.

02

Hidden cables

Cables drop straight through the deck and down the pedestal, out of sight.

03

Headphones & drinks

A clear stand for headphones and a holder for the DJ's drink, away from the gear.

04

Open shelf

Storage under the top for cases, laptops and spares, out of the guests' view.

05

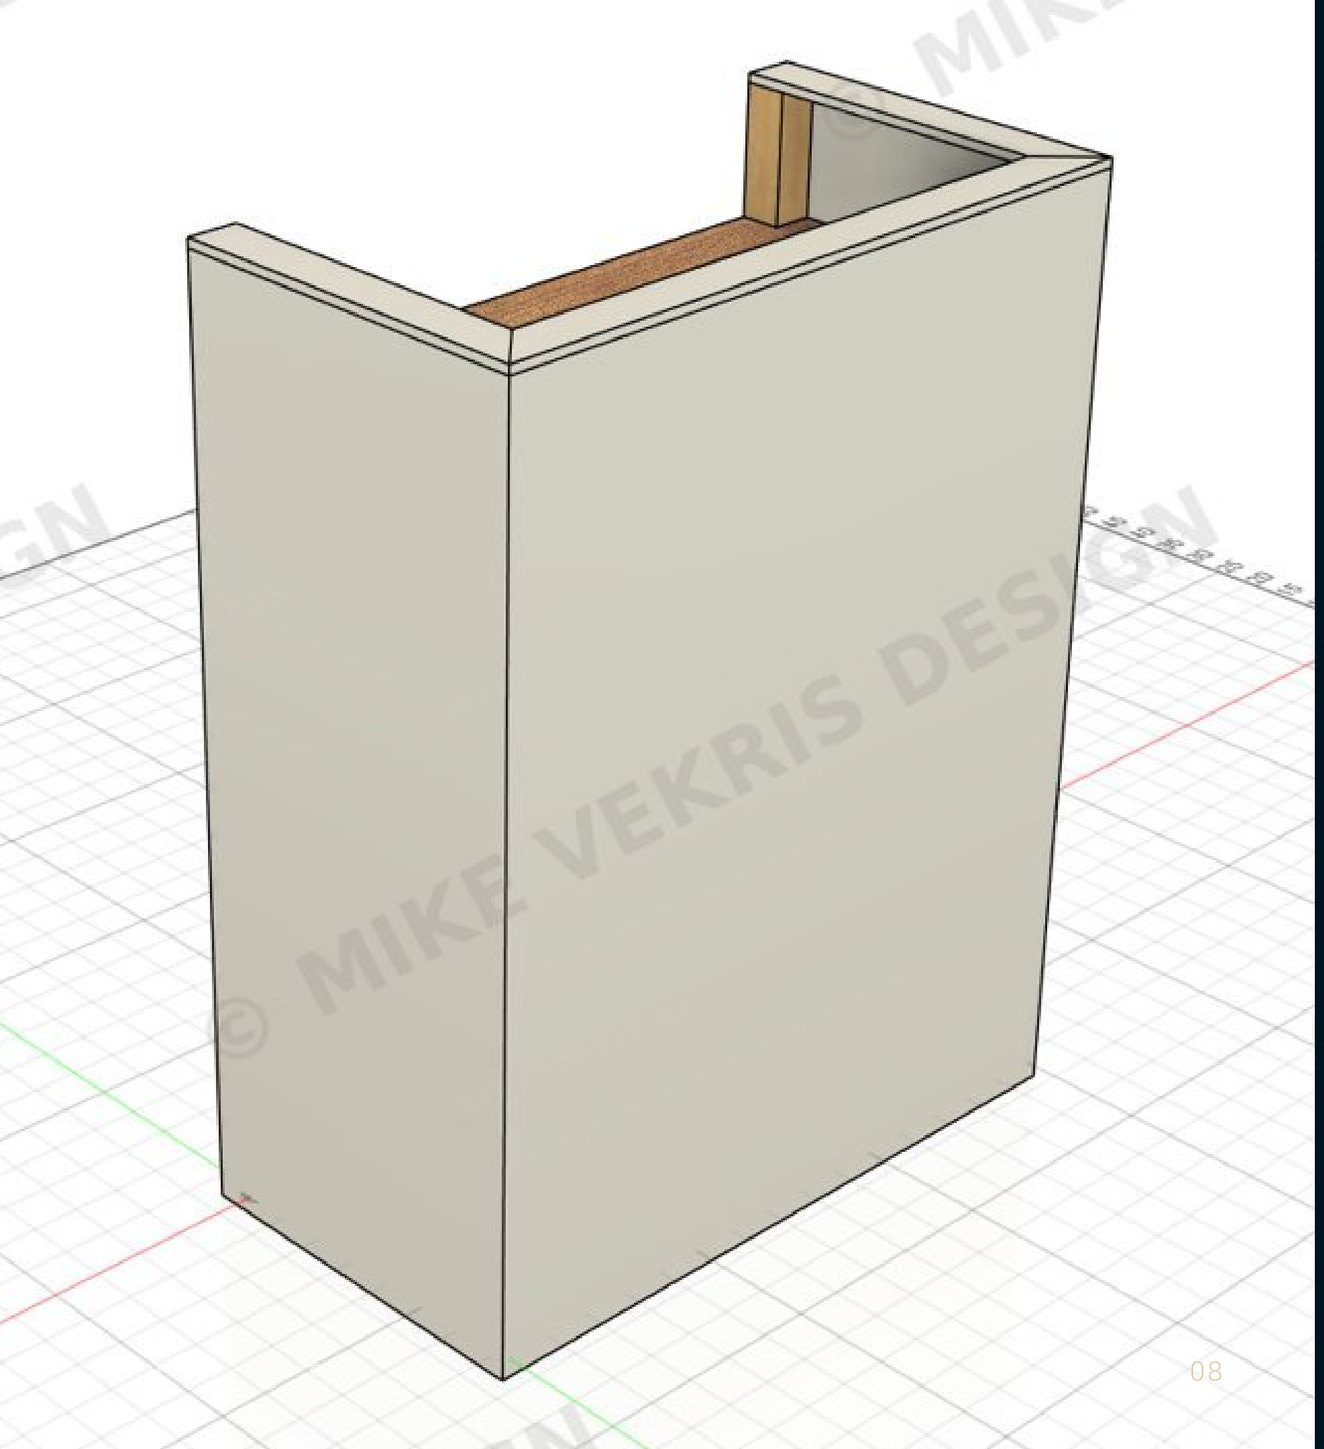

Rounded edges

Soft, rounded corners that look good in photos and feel good to lean on.

06

A steady base

A wide base plate keeps the podium perfectly stable on any level floor.

DETAILS MATTER

Even the sound desk dresses for the occasion.

Our technician booths match the DJ booth, so nothing on your dance floor looks out of place: no folding tables, no cables in sight.
